PERSONAL PROJECTS

Shopping App (05/2020 - 07/2020)

- I created a shopping app using android studio which has an amazing user interface. It has a splash Screen and payment gateway as well which sends an otp and mail to the user after order is placed.

IOT BASED SMART DUSTBIN (01/2019 - 02/2019)

- Created an IOT based smart dust bin using Arduino which sends live data Using things speak server

Shopping Website Using ASP.NET (04/2021 - 05/2021)

- Created a Shopping website using ASP.NET core 6 and integrated a payment gateway in it which has admin portal separately and well authenticated

Cross Platform Tourism Mobile app and website using Firebase (01/2021 - 04/2021)

- Created a tourism app and web site which has some unique features like unique review system where user can chat with fellow customer . and chat bot to solve some service related issues. Product recommendation Sytem using machine learning algorithms. And the backend is configured using firebase database

ACHIEVEMENTS

Got Gold Medal In Amity Fest (01/2021 - 01/2021)

Got gold medal in amity fest for creating smart dustbin

Got 100% Scholarship in Amity for 1st year (07/2018 - 07/2019)

Participated in Anveshan Compition where all the north zone collages participated and got 3rd price

Got first in robothon compition held in collage
